### **Certified Public Accountant's Exam Courses Offered at Terry Campus**

DOVER- Delaware Technical & Community College will offer review classes at Terry Campus for anyone planning to take the Certified Public Accountant's (CPA) Exam.

The new CPA Review program combines the structure of in-class instruction with the flexibility of online content in preparing candidates for taking the CPA exam. The program includes step-by-step guidance for the registering process by instructors who have passed the exam. The courses also provide practice exams and simulations.

Prerequisites include the completion of an Accounting Degree from any school or Last Semester of Account Program at Delaware Tech. Textbooks are included in the following classes.

#### **Auditing & Attestation Review**

This course prepares students to take the Auditing and Attestation section of the CPA Exam. Focus is on Generally Accepted Auditing Standards and other standards related to planning, conducting, and reporting on attest engagements and the skills needed to apply that knowledge. The class will be held Mondays and Wednesdays from Feb. 5 to March 7, from 5:30-9p.m. The cost is \$400.

**Business Environment and Concepts Review**

This course prepares students to take the Business Environment and Concepts section of the CPA Exam. It focuses on business structure, economic concepts, financial management, information technology, and other general business concepts. The class will be held Mondays and Wednesdays from March 26 to April 25, from 5:30-9p.m. The cost is \$400.

**Financial Accounting**

This course prepares students to take the Financial Accounting & Reporting section of the CPA exam. The focus is on accounting and reporting standards and concepts for business enterprises, no-for-profits organizations and governmental entities. The class will be held from May 7 to June 27, from 5:30-9p.m. The cost is \$550.

Call 302-857-1400 to register for any of these courses today.
