**Terry Campus Phi Theta Kappa honors new inductees and award winner**

DOVER- The Delaware Technical & Community College's Terry Campus inducted 35 students into Phi Theta Kappa, the international honor society of the two year college, on Thursday, March 20 and announced the campus's All-State Academic Team award winner.

Wanda Spiering, the executive director of human resources for Psychotherapeutic Services served as guest speaker for the evening. Ms. Spiering graduated from the Terry Campus in 1993 with an associate degree in Business Marketing and Management. During her time as a student, she presided as Phi Theta Kappa chapter president. She encouraged the inductees to learn the rewards of community service and the benefits of keeping involved in chapter activities. Now an active member of the Terry Campus Alumni Association, she challenged the students to continue to contribute to the campus even after graduation.

In addition to inducting new members, the event served as a celebration to honor the campus's All-State Academic Team award winner Ann M. Comeau. Ms. Comeau studies drug and alcohol counseling at the Terry Campus. The award recognizes her dedication to the honor society, various academic achievements and participation in numerous community service activities.

2-2-2

Phi Theta Kappa is the largest honor society in American higher education with over 1,200 chapters world wide. The organization requires its members to uphold a 3.33 grade point average while participating in leadership practicum and community service.

“These students are role models for their own generation and the next,” Vice President and Campus Director Daniel L. Simpson said. “They deserve this recognition for their hard work and sacrifice.”
